

Cambodia Marine Conservation

Recorded Wildlife at Koh Sdach

Invertebrates of Koh Sdach Archipelago

Familia Diadematidae (Sea Urchin)

<i>Diadema spp.</i>	Diadema Sea Urchin
---------------------	--------------------

Familia Toxopneustidae (Sea Urchin)

<i>Tripneustes gratilla</i>	Collector Sea Urchin
-----------------------------	----------------------

Familia Holothuroidea (Sea Cucumber)

<i>Holothuria atra</i>	Lolly Fish
<i>Holothuria edulis</i>	Pink Fish

Familia Stichopodidae (Sea Cucumber)

<i>Stichopus chloronotus</i>	Greenfish
<i>Thelenata ananas</i>	Prickly Redfish

Familia Acanthasteridae (Starfish)

<i>Acanthaster planci</i>	Crown of Thorns
---------------------------	-----------------

Familia Oreasteridae (Starfish)

<i>Culcita novaeguineae</i>	Cushion Starfish
<i>Protoreaster nodosus</i>	Chocolate Drop Starfish

Familia Tridacnadae (Clam)

<i>Tridacna gigas</i>	Giant Clam
-----------------------	------------

Familia Muricidae (Marine snails)

<i>Drupella cornus</i>	Drupella
<i>Murex tribulus</i>	Murex

Familia Cypraeidae (Cowrie)

<i>Cypraea tigris</i>	Tiger Cowrie
-----------------------	--------------

Familia Ranellidae (Marine Snail)

<i>Charonia tritonis</i>	Triton's Trumpet
--------------------------	------------------

Familia Cancridae (Crab)

<i>Brachyura spp.</i>	True Crab
-----------------------	-----------

Familia Paninuridae (Lobster)

<i>Panulirus spp.</i>	Lobster
-----------------------	---------

Familia Octopoda (Octopus)

<i>Octopus spp.</i>	Octopus
---------------------	---------

Familia Pseudocerotidae (Flatworms)

<i>Pseudobiceros spp.</i>	Flatworm
---------------------------	----------

Familia Discodorididae (Sea slug)

<i>Jorunna funebris</i>	Funeral Nudibranch
-------------------------	--------------------

Familia Phyllidiidae (Sea slug)

<i>Phyllidia carlsonhoffi</i>	Varicose Wart Slug
-------------------------------	--------------------

Phyllidiella pustulosa

Pustule Nudibranch

Familia Stenopodidae (Shrimps)

Stenopus hispidus

Banded Coral Shrimp

Familia Palaemonidae (Shrimps)

Periclimenes brevicarpalis

Anemone shrimp

Familia Serpulidae (Marine Worms)

Spirobranchus giganteus

Christmas Tree Worm

Familia Sabellidae (Marine Worms)

Sabellastarte spp.

Feather Duster Worm

Familia Bonellidae (Marine Worms)

Bonellia spp.

Tongue Worm

Familia Ophiuroidea (Brittle Stars)

Ophiothrix spp.

Brittle Star

Familia Gorgonocephalidae (Brittle Stars)

Gorgonocephalus spp.

Basket Star

Familia Crinoidea (Feather Star)

Colobometra spp.

Feather Star

Familia Toxopneustidae (Sea Urchin)

Toxopneustes pileolus

Flower Urchin

Familia Temnopleuroidea (Sea Urchin)

Temnopleurus spp.

Pencil Urchin

Familia Synaptidae (Synaptid)

Synaptula spp.

Synaptic Sea Cucumber

Familia Trochidae (Marine Snail)

Calliostoma spp.

Top Shell

Familia Strombidae (Marine Snail)

Strombus spp.

Conch

Familia Conidae (Marine Snail)

Conus spp.

Cone Shell

Familia Sepiidae (Cuttlefish)

Sepia spp.

Cuttlefish

Familia Teuthidae (Squid)

Squid

Familia Alpheidae (Shrimp)

Goby/Pistol Shrimp

Familia Pseudosquilla (Mantis Shrimp)

<i>Psuedosquilla spp.</i>	Mantis Shrimp
---------------------------	---------------

Familia Acroporidae (hard coral)

<i>Acropora spp.</i>	Acropora
<i>Montipora spp.</i>	Velvet coral

Familia Astreoporidae (hard coral)

<i>Astreopora spp.</i>	Astreopora
------------------------	------------

Familia Fungidae (hard coral)

<i>Ctenactis spp.</i>	Mushroom coral
<i>Fungia spp.</i>	Fungia Mushroom coral
<i>Herpolitha limax</i>	Striate boomerang coral
<i>Polyphyllia talpina</i>	Slipper coral

Familia Diploastreidae (hard coral)

<i>Diploastrea heliopora</i>	Diploastrea
------------------------------	-------------

Familia Faviidae (hard coral)

<i>Echinopora spp.</i>	Hedgehog coral
<i>Favia spp.</i>	Favia
<i>Favites spp.</i>	Favites
<i>Goniastrea spp.</i>	Goniastrea

Familia Euphylliidae (hard coral)

<i>Euphyllia spp.</i>	Anchor coral
<i>Physogyra spp.</i>	Bubble coral

<i>Plerogyra spp.</i>	Bubble coral
-----------------------	--------------

Familia Oculinidae (hard coral)

<i>Galaxea spp.</i>	Galaxea
---------------------	---------

Familia Poritidae (hard coral)

<i>Goniopora spp.</i>	Flowerpot coral
<i>Alveopora spp.</i>	Flowerpot coral
<i>Porites rus</i>	Porites
<i>Porites lobata</i>	Porites

Familia Lobophyllidae (hard coral)

<i>Lobophyllia spp.</i>	Lobo coral
-------------------------	------------

Familia Merulinidae (hard coral)

<i>Merulina spp.</i>	Cabbage coral
----------------------	---------------

Familia Agariciidae (hard coral)

<i>Pavona cactus</i>	Potato chip coral
<i>Pavona clavus</i>	Pavona clavus
<i>Pavona decussate</i>	Cactus coral

Familia Pectiniidae (hard coral)

<i>Pectinia spp.</i>	Pectinia
----------------------	----------

Familia Pocilloporidae

<i>Pocillopora spp.</i>	Pocillopora
-------------------------	-------------

<i>Seriatopora spp.</i>	Seriatopora
-------------------------	-------------

Familia Mussidae (hard coral)

<i>Symphyllia spp.</i>	Brain corals
------------------------	--------------

Familia Dendrophylliidae (hard coral)

<i>Turbinaria spp.</i>	Turbinaria
------------------------	------------

<i>Tubastrea micrantha</i>	Sun coral
----------------------------	-----------

Familia Petrosiidae (sponge)

<i>Xestospongia spp.</i>	Barrel sponge
--------------------------	---------------

Familia Anthothelidae (sea fan)

<i>Semperina spp.</i>	Sea fan
-----------------------	---------

Familia Alcyoniidae (soft coral)

<i>Alcyonium digitatum</i>	Dead man's fingers
----------------------------	--------------------

Familia Xeniidae (soft coral)

<i>Xenia spp.</i>	Pulsing/ Flower coral
-------------------	-----------------------
